**RE: SUSPENSION OF ALL ELECTIVE SURGICAL PROCEDURES IN YOUR FACILITIES**

Following the increase in the number of confirmed positive cases of COVID-19 in the country, there is necessity to direct all our available resources towards combating further spread and prepare for intensive management of patients who may need critical care. This would require use of the available human and material resources at your disposal that will be quite rigorous.

This letter is to hereby request you to cancel all elective surgical procedures except Obstetric cases at your facilities to redirect resources towards combating this disease.
